

physicians of **EXCELLENCE**

THE *ORANGE COUNTY MEDICAL ASSOCIATION'S*
SALUTE TO THE REGION'S TOP HEALTH CARE PROFESSIONALS

It takes years of schooling, hard work and dedication to earn the title of doctor. It's an achievement reserved for the best and brightest minds. While we believe all physicians deserve praise for their commitment to helping others, there are some who go beyond expectation in serving their profession and the larger community. We call them Physicians of Excellence, and the *Orange County Medical Association* and *Orange Coast* magazine honor them for their contributions.
